

Interactive Pen IP-1

for IW Series Interactive Whiteboard Systems

Contact Sensitive Tip

Send signals for left, right, and double mouse clicks.

Note: A replaceable pen cap is included.

IPEVO Button

This is another way to perform mouse clicks.

Power Switch

Turn the Interactive Pen on and off.

Sensor Power Button

Remotely turn your Sensor Cam on or off. Make sure the Interactive Pen is pointing at the Sensor Cam while doing so.

Battery Cover

Open to reveal slots for 2 AAA batteries. Batteries are included.

Wrist Strap Attachment Holes

Attach the included wrist strap here.
