## FLAGSTAFF VISITOR CENTER HISTORIC TRAIN STATION

*One E. Route 66*

The historic train station, built in 1926, was formally the Atchison, Topeka and Santa Fe Railroad depot. Today it doubles as the Amtrak station and Flagstaff Visitor Center where travelers can find information about the area,

purchase souvenirs and get insider travel tips.

(By the light post on the west side of the platform near the black fence.)

## HOTEL MONTE VISTA HISTORIC DOWNTOWN

*100 N. San Francisco St.*

Built in 1926, the Hotel Monte Vista is one of Flagstaff's premier historic hotels playing host to visitors from around the world. Celebrities like John Wayne, Anthony Hopkins and Bing Crosby have stayed in this iconic hotel. John Wayne claims to have seen the Phantom Bellboy, one of many hotel guests who never checked out.

The Coconino County Courthouse was built in 1894 after the creation of Coconino County in 1891. The original sandstone brick courthouse still stands; however, from 1956 to 1979 modern additions were added creating the larger building seen today. The

courthouse is one of the oldest buildings still standing in Flagstaff.

(Northeast corner of Birch Ave. and San Francisco St., near the telephone booth.)

## WEATHERFORD HOTEL

*23 N. Leroux St.*

In 1900 the Weatherford Hotel opened its doors to the public. Built and founded by John Weatherford, the hotel has become one of Flagstaff's most iconic buildings. With four distinct bar areas and one restaurant it is a great place to enjoy a meal and listen to music.

## ORPHEUM THEATER MARQUEE

*15 W. Aspen Ave*

The Orpheum Theater, Flagstaff's first movie house, opened in 1917 after the original building on this sight collapsed during a heavy snowfall in 1915. It showed movies until the late 1990s but in 2002 the theater was renovated to be used as a concert and

performing arts venue, where you can still catch the occasional movie screening.

(Across the street on the north side of Aspen Ave. in front of Pay & Take.)

## MOTEL DUBEAU CLASSIC ROUTE 66 MOTEL

*19 W. Phoenix Ave.*

This corner was on the original 1920s alignment of Route 66, which is why Mr. A. E. DuBeau found it to be the perfect spot to build his "Motel Inn" in 1929. The property was designed for the "better class of motorist" and featured in-room baths and heated garages.

(Northwest corner of Beaver St. and Phoenix Ave., near the parking area.)
