HARNESSING THE POWER OF PARTNERSHIP

2017 ANNUAL REPORT

Guide Dogs for the Blind
President and CEO
Christine Benninger
2017 was a momentous time for Guide Dogs for the Blind; it was a year in which we shone a bright light on high points from the past 75 years as well as took significant steps toward ensuring our success in the future. We loved finding new and unique ways to celebrate our wonderful alumni and passionate community of donors, volunteers, and staff and will continue to do so in this report and beyond. With the support of the Board and key partners we also made great progress against key organizational initiatives. On behalf of GDB, our sincere gratitude for your generous support of our life-changing mission. Thank you!
RETURNING TO FULL CAPACITY

Growing and enhancing our apprentice program helped us make significant progress toward our goal of graduating 350 teams per year by the end of fiscal year 2019.

Tony Selvaggio and Nalu
INCREASE THE PERCENTAGE OF DOGS THAT SERVE OUR MISSION

Enhancements to socialization, vet care, and breeding helped us increase the number of dogs that became guides this past year. This initiative also includes better utilizing our career-change dogs in support of our mission. This year, we placed twice as many dogs than in fiscal year 2016 with other service organizations or as K9 buddies for blind or visually-impaired youth.

SERVE MORE

We have implemented a highly successful program to ensure new and returning students have the necessary orientation and mobility skills to successfully work with a guide. Camp GDB also ensures that more individuals who are blind or visually impaired are introduced to the benefits of working with a guide dog.
“I just celebrated my 40-year anniversary here at GDB. I went from working in the kennels, to working in our Puppy Raising Department, to completing a three-year training apprenticeship. I became a qualified guide dog mobility instructor in 1983. Today, I’m a Training Supervisor, and love my job more than ever! My love for dogs brought me to GDB, but the favorite part of my job now is being with our clients in class and seeing them learn to work with their new guides. I am very proud of our history and its connection with our veterans (my dad was a WWII veteran). I’m also proud of our ability to change and evolve. Because of our vision for the future, GDB is seen as a leader within the industry throughout the world, and I’m honored to be a part of it.”
Training Supervisor Kelly Martin with guide dog *Lilia*. 
Claire Copper of Portland, Oregon with guide dog puppy Kona.
“Decades ago, my grandmother raised puppies in South Africa. Years later and half a world away, I knew that I wanted to follow in my grandmother’s footsteps and raise a dog that would one day transform someone else’s life. I have been a GDB volunteer for more than six years and have had the privilege to raise five exceptional dogs, each of whom has brought so much love and laughter into our home. GDB excels in bringing people together and creating community, which is what I love most about this organization. I have developed many friendships that I have no doubt will last a lifetime. Connecting with so many individuals impacted by GDB and its mission serves as a daily inspiration in my life—a gift that I am so appreciative to receive.”
“Our family Foundation supports Guide Dog for the Blind because we see how well it completes its mission and truly makes an impact on people. Our passion for animals and our goal to contribute to organizations that are focused on making lives better is what GDB does. Animals have an amazing impact on our lives and especially those who have been groomed to work with persons, who otherwise, would not be able to fulfill their dreams. This is all made possible by the well-run and respected organization, Guide Dogs for the Blind. From the holistic service GDB provides to its clients to the exceptional care it extends to the dogs, its life-changing mission is evident in all they do.”
Gayle, Todd, Charles, and Beth Travers of Greenbrae, Calif., with guide dog Anja.
Jessica Naert of Denton, Texas with her guide dog Makiko.
“Makiko has been there for me in so many ways and has opened many doors that I couldn’t have even fathomed. When choosing a school, GDB appealed to me in numerous ways: two-week classes; small class size with very personalized training; follow-up training and support—including the alumni association and veterinary financial assistance—let alone that all of it was provided free of charge. But it’s the community that sets GDB apart for me. From puppy raisers, breeder custodians, volunteers, staff, and graduates, the overwhelming support that one member of this community extends to another is very heartwarming. Everybody genuinely has the mission at the forefront of what they do. I have grown so much because of my guide dog and because of the GDB community.”
We are so excited about our forthcoming Puppy Center and our Puppies with a Purpose Campaign! The 28,000 square foot Center—slated to open in late 2018 at our headquarters in San Rafael, California—is designed to help more puppies reach their potential to become guide dogs that truly transform lives. We strongly believe that by creating more nurturing environments and enhancing the experiences that puppies have in the first critical weeks of their lives, we will be able to meet a very important and game-changing goal: to serve more clients without having to breed more dogs.
Architect’s rendering of GDB’s new Puppy Center.
A Puppy Nursery that will provide a healthier, more enriching habitat for mothers and their pups.

The Young Heroes Academy will provide pups with early interactive socialization experiences.
A Learning Lab, where the public can view puppies and learn about GDB’s mission through interactive exhibits.

A Courtyard Plaza that will function as open space for visitors, as well as functional guide dog training space.

“Having been puppy raisers for a decade we have come to know many people who are visually impaired and have learned what a positive impact having a guide dog has on them.”

—Ed and Grace Ehrman
“I feel very fortunate to have received two amazing guide dogs. I donate to GDB because I want other people who are blind to experience the love, confidence, and freedom that come with having a guide dog.”

—Tom Nutter and Oxford
