Expenses

- We recommend taking a taxi from Edinburgh Airport to the hotel. The average transport time is around 20 – 25 minutes. We ask that you pay for all transportation costs upfront and submit receipts for reimbursement post-event.
- Each person has \$100 per day to be used towards meals and coffee. We ask that you pay for all meals upfront and submit receipts for reimbursement post-event.
- You can submit your expense by email, using the invoice form sent via email, to ap@linuxfoundation.org. Please allow up to 30 days for reimbursement. Please list all receipts and totals in the invoice, then copy and attach the receipts to the invoice for reference. If you have any questions, please let us know.

Session planning

- Session is 40 minutes long
- Plan to break down content:
 - Intro (2 minutes) - John
 - Each project presents for 4 minutes
 - Cloud Foundry
 - VMLINK
 - Alpine
 - Kubernetes
 - Package Hub
 - Blockchain Archive
 - Containerd on s390x
 - Q/A for final 10 minutes

Getting your project's slides together

- You have 4 minutes - consider the presentation “lightning talk” style
- Key points to cover
 - Why you/your team chose the project
 - Key achievements during the internship
 - Impact for open source on mainframe
 - Pictures/names for each person on project and mentor
- Keep max slide count at 4
- Use visuals as much as possible
- Slides due October 4th

- Note - work with Mae Meanor on blog post around each of your projects!

Thank you!
