Alternate plan for ONES
Test Setup

- UE shall connect to the Wi-Fi AP. UE does not need to be 5G SA phone as it will not perform any 5G procedures
- CU/DU shall run in L1 bypass mode
- UE Sim shall perform the 5G SA procedures on behalf of the phone
- IP address of the UE shall be static
- NGC can run as containers in Open Shift
- CU can run as a container in Open Shift
- Need to check if UE Sim and DU in L1 bypass mode can run as containers. Altran shall need to do some work
