Stadium Ring Road

1. ..
2. ..

Main Medical - This position involves being with the HPH Doctors on the stadium floor & Main Medical

Aid station operators should report to their aid station chiefs upon arrival, names are noted.

1. making sure they can find you when needed
2. The Aid stations will also have a "spotter" assigned by **Hawaii Pacific Health**
3. The 'spotter' has been instructed to pass all command post communication through the radio operator.

All stations report –

- the numbers of first THREE (3) male,
- first THREE (3) female and
- When wheelchair participants as they pass your location.
- The lead unit of Sounds of Freedom (military units) should also be reported.

Operators at each station should report bib numbers of participants who drop out from exhaustion or injury. Event officials records all incidents no matter how minor it may seem.

Once event get underway, please keep all chatter to a minimum, if you have any questions let me know ahead of time as I could answer via email, or call me.

For those who are working in the stadium area – inevitably someone will want to know where the bus pick up locations are. They are located in the SW parking lot Makai

Sounds of freedom are in the NE parking lot Mauka.

Shuttle buses back to town are located at sections 9E and 10E.

For those who are assigned to the STADIUM you should be at the stadium by 0545 at the LATEST. Parking attendants WILL shut gates at 0600. Bring a chair, water, and shade or umbrella as it can get hot towards the end.

Those stationed along the route you may want to pack a canteen on you or make use of camelbacks. You want to always be available to the site coordinator, be in an area with good visibility, and not obstructing the participants flow

***I have GAR Volunteer T-shirts – I will be at the **GAR EXPO Feb 16 & 17 NBC Exhibition Center;**
Please GIVE ME YOUR SHIRT SIZE. Thank you! Only 2 days for the EXPO this year Saturday & Sunday

****ADDED SECURITY** – there will be heightened police and K9 presence at the Startline and Stadium area.

Keep your eyes/ears open and report anything unusual or out of place.

For example – a bag, backpack, unlabeled box, etc. sitting around with no one tending to it.

All traffic must be routed through the Command Center for action.

I recommend that if you have a safety vest, your EARC badge, and the GAR Volunteer shirt use it as that will be your identifier on course.

Thank you all for your participation, let's have fun!
