

WHO FP ACCELERATOR PROJECT :

South-to-South Learning Exchange (SSLE)

to improve access to Family Planning services

Monday 26 April 2021 | 11.00-12.30 Geneva

9.00-10.30 Abidjan & Conakry | 10.00-11.30 Lagos

12.00-13.30 Kampala | 14.30-16.00 Colombo

The South-South Learning Exchange (SSLE) approach aims to facilitate “peer-to-peer” learning between countries. Under the WHO FP Accelerator Project, six countries have embarked on this process, to learn from each other about implementation and scale-up of evidence-based practices in Family Planning and contraception.

In this second webinar of the WHO FP Accelerator Project Webinar Series, representatives from MoHs, WHO regional and country offices, and implementing partners will share learnings and challenges while conducting SSLE.

REGISTER TODAY! https://who.zoom.us/webinar/register/WN_Xr7Wr06sTs-b-IHHWlr6tA

#FPAccelerator

The WHO Family Planning Accelerator Project supports Ministries of Health and partners in 14 countries to accelerate access to quality and rights-based family planning services. The project strengthens country leadership, leverages partnership, provides technical support to countries and coordinates learning exchange between countries.
