

PixoTest[®] POCT COVID-19 Antigen Testing

End-to-end digital COVID-19 screening
solution for outbreak prevention.

COVID-19 Screening You Can Trust

Integrated COVID-19 testing and screening solution rules out fake test reports

Digitized all the way

Entirely digitized testing workflow prevents human errors

Cost-efficient and lean

Reduces overall administration burden

Advantages & Benefits

Reopen your business with peace of mind.

How it works:

Workplace Testing

Access Control

1 INSTALL APP

Employees register an account on PixoHealth Pass APP. Testee ID (QR code) is then generated as a unique ID.

2 SCAN QR CODE

Use the PixoTest POCT Analyzer to scan the Testee ID (QR code) on PixoHealth Pass APP.

3 TAKE TEST

Perform the testing on PixoTest POCT Analyzer.

4 SEE RESULTS

Employees receive digital test result on PixoHealth Pass APP.

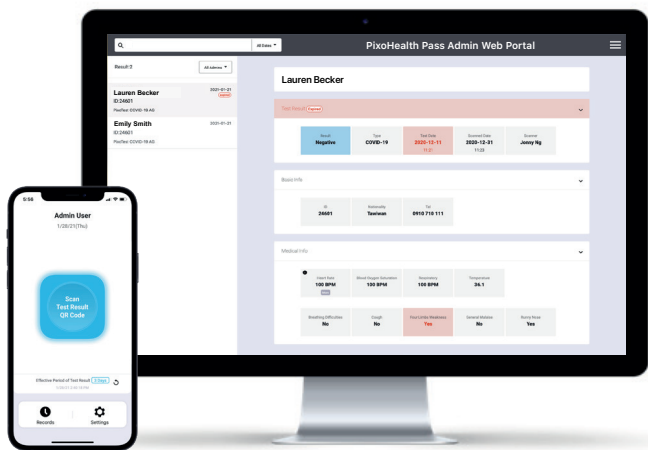

5 SCREEN PASS

Receptionists validate the PixoTest result by using PixoHealth Pass Admin APP at point of entry.

PixoHealth Pass

Admin App & Web Portal
