

On Sunday, April 14th 2019 ~~Clarence Leasing~~

Police officers asked me if I knew the location of Clarence Leasing's Digger. At that time Clarence was walking on the side wall across the street heading west. I informed the police of this information. One of the police officers got on the radio, relaying this information. ~~The three police vehicles pulled across the highway~~ ^{parking area} ~~at~~ ^{near} their vehicles. Mr. LF took off running north + west zig zagging across the field/parking lot. The officers were pursuing Mr LF firing tazers at him. Clarence reached the ~~front~~ ^{back} door of the Catholic church, opening a door. An officer tazed Mr LF, causing him to fall to the ground, partly in the church with his legs outside of the church. When Mr LF hit the ground an officer drew his gun, pointing the gun downwards toward the ground + Mr. LF. I heard two shots in rapid succession. This was witnessed by me from across the street from the Catholic church. * While the one officer was on the radio, I informed the other officers, ~~that~~ ^{that} Clarence had two knives in his possession. ^{having}
