

Names: _____

Elemental Superheroes & Villains Worksheet

1. Name of Element:

2. Research

List 5 characteristics of and/or associations with your element.

3. Is your element a superhero or supervillain? What is his or her name?

4. Creatively interpret your research from question 2 in the table below. Fill in at least 5 boxes.

Powers	Weaknesses	Friends	Enemies

5. In the space below, use the information from question 4 to design a program for Cue that creativity reflects the characteristics of and/or associations with your superhero/villain. This program can be a short skit enacting a scenario or a demonstration of your superhero/villain's powers, abilities, etc. What will your robot do? How will your robot move? What lights, sounds, and/or animations will you use? Will you use events, loops, or conditionals?
