

TERRACE THEATER PLAZA & LOBBY

These spaces capture the artistry and ambience of the theater, but offer multi-dimensional flexibility for your event planning. The Lobby's retro-chic architecture is complemented with unhindered views of downtown Long Beach and our illuminated fountains and reflecting pool. Meanwhile, the Plaza brings a touch of lounge-style intrigue to the proceedings with glowing geometric installations, comfy modular seating, and outdoor fire pits-all beside a breathtaking aquatic centerpiece. Both spaces are outfitted with sound and lighting capabilities and can be customized to accommodate most of any style of event.

TOP OF LOT

Capacity- 9,700

Long Beach's Top of the Lot is a blank canvas- the kind of blank canvas framed by a dazzling 360-degree view of downtown Long Beach's electrifying city lights, that is. You imagine your event and we create the space. Like a roof-raising beach-themed party with a hip, city-smart sensibility. Or a fashionable soiree with palate pleasing cuisine served under a spotlight-streaked sky. Whatever you choose, you can't help but impress with an event that inspires sparkling social engagement.
