

FOUR DOGS PROBLEM

There are 4 dog owners: George, Lorna, Tyson and Gabriella.

There are four dogs: Ares the Labrador, Bruno the Bulldog, Caspar the Beagle and Digger the Dalmatian.

Use the clues to match the dog owners to the dogs.

- 1) The dog belonging to Tyson is not a beagle or a bulldog.
- 2) Digger's owner is female, and enjoys taking Digger on woodland walks.
- 3) Ares loves going to the seaside with his owner who likes to swim.
- 4) Lorna does not like taking her dog into the woods.
- 5) The bulldog, who is rather lazy, is not owned by George.

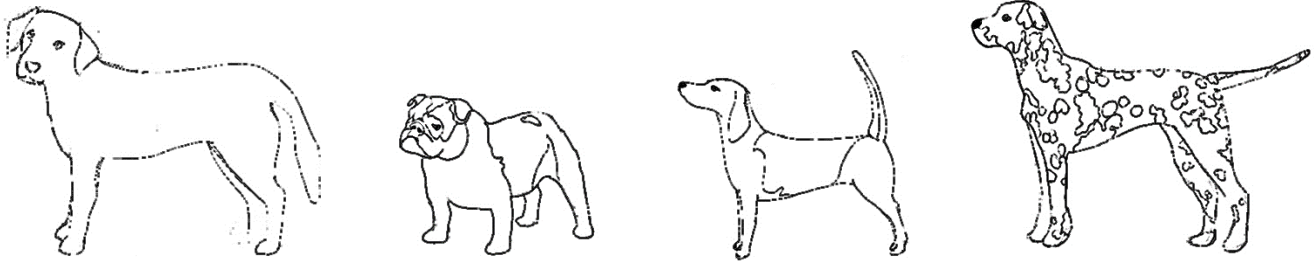

DOG	OWNER
Ares the Labrador	
Bruno the Bulldog	
Caspar the Beagle	
Digger the Dalmatian	

FOUR DOGS PROBLEM ANSWERS

There are 4 dog owners: George, Lorna, Tyson and Gabriella.

There are four dogs: Ares the Labrador, Bruno the Bulldog, Caspar the Beagle and Digger the Dalmatian.

Use the clues to match the dog owners to the dogs.

- 1) The dog belonging to Tyson is not a beagle or a bulldog.
- 2) Digger's owner is female, and enjoys taking Digger on woodland walks.
- 3) Ares loves going to the seaside with his owner who likes to swim.
- 4) Lorna does not like taking her dog into the woods.
- 5) The bulldog, who is rather lazy, is not owned by George.

DOG	OWNER
Ares the Labrador	Tyson
Bruno the Bulldog	Lorna
