

TRAP THE SPIDERS game #2

Trap the spiders is a simple but fun game designed to help children with their counting skills. The aim is to catch as many spiders as you can. The number of spiders you catch depends on the roll of the dice. This game is entirely dependent on luck.

Age range: 1ST Grade +

Number of players: 1-4

Learning: Counting the number of spots on a dice, counting the number of spiders trapped

You will need

- 32 counters to represent spiders, or the spider counters on the spider sheet.
- A dice

Instructions

- Before you play the game, cut out the spiders and place them face-down on the web. It does not matter if they overlap!
- When it is your turn, you throw the dice.
- Take the number of spider counters from the web that is on the dice.
- The game finishes when the last spider has been removed from the web.
- Count your spiders, the player with the most spiders is the winner.
- Scoring:
 - Blue spider 10 points
 - Red spider 5 points
 - Black spider 1 point.

Example

If you roll a 3, pick out 3 spiders from the web.

Variations

- Play the game with more or less than 40 spiders.
- Throw 2 dice and take out that many spiders.
- Put the spider counters face down on the board. You score 1 point for each black spider and 5 points for each red spider you pick out.
