## SUBTRACTION COVER UP

## UPTO 30

Subtraction Cover Up is a subtraction game with numbers up to 30. As well as subtraction, this game also involves strategy - trying to make a line of 4 counters before your partner can.

Age range: $3^{\text {rd }}$ Grade+
Number of players: 2
Learning: Subtraction facts to 30, strategy and logical thinking

## You will need

- Each player will need 15-20 counters of their own color.
- calculator (optional)

## Instructions

- Each player chooses a subtraction fact to work out. If they get the fact correct, then they cover it up with a counter.
- If a player cannot go, or gets an answer wrong, then play passes to the next player.
- The first player to make a line of 4 counters (horizontal, vertical or diagonal) wins the game.

## Variations (if you feel like changing the rules!)

- Each time a player makes a line of 3 horizontal counters they can remove one of their opponent's counters from the board and return it to them. The first player to place all their 10 counters wins the game.

## SUBTRACTION COVER UP

## UP TO 30

CHOOSE YOUR SUBTRACTION FACT TO WORK OUT.
THE FIRST PLAYER TO GET 4 IN A ROW WINS THE GAME!
