Cursed be everyone who curses you,  
And blessed be those who bless you!"

That you shall break his yoke from your neck."

2

...

He has no form or comeliness;  
And when we see Him,  
There is no beauty that we should desire  
Him.

He was despised, and we did not esteem  
Him.

Him,  
And by His **stripes** (*'chabburah'*) we are  
healed.

So **His visage was marred more than  
any man,**  
And **His form more than the sons of  
men;**

'BECAUSE OF CLIMATE CHANGE, THIS AREA WILL GET LESS RAIN'

## Winter rains raise Sea of Galilee level by 19 centimeters in 2 days

Downpours in northern Israel bring snow to Hermon, end 5-year drought, but Water Authority says climate change means problems won't be solved by a year of plentiful precipitation

Heavy rainfall across Israel over the past few weeks means Israel has broken a five-year drought that plagued the north, but the country's water woes are far from over, according to the Water Authority.

Over the past 48 hours, the level of the Sea of Galilee rose by 19.5 centimeters. The generous rainfall in Israel's north has swollen streams that feed into the lake, with some of them flowing at rates not seen since 2013, drone footage released by Amir Aloni of the Nature and Parks Authority showed.
