**\*\*Septic's were not permitted before 1977 so generally we would not have documents for anything older than that. You may also look up wells that were permitted 2005 or after.\*\***

SEP is for septic

WEL is for well

WLS could have both septic and well attached.

WAT is for water sample results which are not viewable in citizen access.

**\*\* Always remember that PIN numbers change so you may not necessarily find one under the current number\*\***

<https://pinhistory.buncombecounty.org/> PIN history link

**\*\* I try to just use the street name and then search for the property owner at the time and year that the house was built. Property does not usually have a street number at the time of construction.\*\***
