

About our driveway...

*** Many, many delivery trucks have come up and down this driveway with ZERO problems - kitchen cabinets, appliances, vanities, EVERYTHING was delivered down this driveway.

*** Two of the delivery trucks have actually backed down the driveway.

*** Owner's VW Beetle has NO problem.

*** Great workout! No gym membership needed!!

*** Great for privacy!

*** Nobody has ever gotten stuck - believe it or not.

*** Prior owners were full-time residents and lived here seven years.

*** Super fun to sit on the side deck and video your friends' visit for the first time!

*** Current owners are flat landers through-and-through, have had ZERO problems.

*** After two trips up and down, it's like nothing.

IT'S AN ADVENTURE!
