We think Tracie is the best! Great job from the entire Zellwood Properties staff!

Ralph worked with me well. We had to communicate by phone and email. I felt confident leaving the sale to him.

From the moment we arrived we became convinced we wanted to live here. While looking and considering the Cohen house and contracting for it, we became aware of a house on Diamond Oak that had most of the enhancements we wanted. Tracie and Ralph were exceptional in helping us transition to our successful purchase. Thanks to all very much. Joe & Dottie

We've bought and sold many homes over the last 60+ years. This is by far one of the best experiences we have had! We have recommended you to our friends who are planning to relocate to this wonderful community.
