

NUI & MINTAGE MINING TEAM UP

nui & MINTAGE

Mintage Mining has the amazing opportunity to team up with Nui and offer its members an exclusive sign up price.

Nui Members can begin a year-long Mintage Mining contract for only \$25! Compared to other mining pools, this price is nearly unbeatable and is only available to Nui Members. This is such an exclusive partnership, you probably won't find anything like this anywhere else.

Without being a Nui Member, the price to join Mintage Mining is \$500 for a year-long contract.

The good news is anyone can become a Nui Member for \$125 and have the benefits of this low entry fee. If you want this exclusive price and save \$375, you can make it happen by joining Nui in a few easy steps!

What is Nui?

Nui is an MLM company that strives to provide individuals and families with the tools they need to achieve more financial freedom. They do so by providing products and platforms that give people ways to earn. Nui's flagship platform is licensed from Symatri, and includes CORE, REACH, and Kala. These platforms share exclusive offers and activities that users can complete easily on their phones or computers...and then be rewarded for it!

What is Nui?

Symatri is comprised of three licensed platforms that work in unison to give Nui Members the ability to earn points, redeem them, and even earn cryptocurrency.

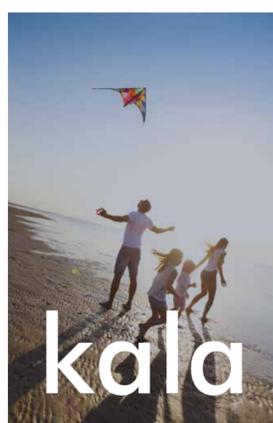

CORE

Members have access to activities such as surveys, rating apps, watching videos, and more. By completing these activities, Members get points that are redeemable in REACH.

reach

Marketplace where Members can redeem their points for rewards like cell phones, iPads, gift cards, and activity trackers.

kala

A new cryptocurrency token that Members can redeem with points and spend in REACH.

Kala is a one-of-a-kind cryptocurrency that has inherent value, unlike most cryptocurrencies. Members can hold onto it if they'd like or use it in REACH. It's an easy and accessible way for Members to get into the cryptocurrency game.

These platforms make it possible for Nui Members to gain a little more financial freedom and security by giving them a simple way to earn extra money each month. However, while becoming a Nui Member gives you access to all Nui products and platforms, there is no requirement to use any of them. You can become a Member simply to get this deal for Mintage Mining!
