NOTES: MNIT Services Central intends to enter into a 60 day Agreement with Deloitte Consulting for continued Cloud services and technical support to maintain the State's cloud environment as built on Amazon Web Services infrastructure. It is deemed in the state's best interest to continue this service with Deloitte for the extra 60 days due to the cost of moving to a new vendor for such a short period of time while the Dept. of Administration, Office of State Procurement process a new contract for this service. Deloitte was the state's contracted vendor for this service and the current contract ends July 31, 2017. This is the reason for the short 60 day agreement extension of service.
