

**You want reliability
at scale. *We built it
right into our core.***

FlowSpace for is a comprehensive solution built to support your storage and omnichannel fulfillment needs. With FlowSpace, you benefit from the fastest pace of

innovation, the broadest functionality, the largest and most comprehensive network, and the most trusted operational expertise.

Improve operational efficiency | Scale up rapidly | Lower Risk

Future-Proofing the Supply Chain

Operational Efficiency

When you partner with FlowSpace, you get benefits beyond cost savings. With us, you have one platform to help you store, manage, and fulfill your inventory from all your warehouses and fulfillment centers across the United States.

Rapid Scale

With network locations across the country, FlowSpace can strategically scale your business quickly and efficiently. The network optimization algorithm will proactively offer recommendations on where to stage your inventory, and we'll even help you get it there with a click of a button.

Mitigated Risk

Protecting your data and maintaining stakeholder trust is critical to your business. FlowSpace gives you the most flexible and secure platform, backed by a set of security, compliance, and governance services that help you minimize risk without compromising scale.

Fulfillment Capabilities

E-Commerce Fulfillment

Integrate seamlessly with Shopify, Shopify Plus, Walmart, ShipStation, Amazon, or your custom software. When your customers click to buy, we start the pick, pack, and ship process.

Retail Fulfillment

Pop-ups, permanent, or third party retail. Our technology is EDI compliant to ensure we can swiftly and scalably help you get your products to where your customers want to shop.

Amazon FBA

Some of your products are selling fast on Amazon, but for those that aren't, you might be surprised by the high storage costs. We can help you store inventory until it's ready to be replenished in small batches.

Special Services

Transportation

FlowSpace transportation specialists will find the best carrier for your goods. From LTL to multi-truckload movements, we've got you covered.

Kitting

Whether you're assembling furniture or subscription boxes, FlowSpace has a network of certified warehouses specialized in assembling pretty much any particular project.
