

We build the systems that run companies.

SimplaDocs is a **23-person implementation team** distributed across 6 countries. We specialize in operational systems: workflows, automation, data tools, and AI agents. We build on **Superhuman Docs, Superhuman Go, and Superhuman Mail**, and we handle every stage from discovery to go-live.

<p>23</p> <p>Team members across 6+ countries</p>	<p>8+</p> <p>Years building on Coda / Superhuman Docs</p>	<p>200+</p> <p>Client implementations delivered</p>	<p>11</p> <p>Developers and systems architects</p>

01

Custom Builds

Full-scale operational systems: workflow automation, data architecture, client-facing apps, custom Packs, and API integrations

02

Licensing, Training & Enablement

License resale, team onboarding, upskilling programs, and ongoing enablement so adoption actually sticks

03

Platform Migrations

Structured moves from Airtable, Confluence, Jira, Quip, Sheets, and other platforms into Superhuman Docs

HOW EVERY ENGAGEMENT WORKS

TYPICAL ENGAGEMENT PRICING

<p>~\$250</p> <p>Hourly rate</p>	<p>\$5K</p> <p>Project minimum</p>	<p>~\$15K</p> <p>Average implementation</p>	<p>\$75K</p> <p>Ceiling for large builds</p>
