

In the eatertainment industry, delivering outstanding guest experiences is paramount, and GoTab recognizes this as the key to success. Tailored for the distinctive needs of eatertainment venues, our comprehensive suite of POS solutions is designed to elevate operations, redefine guest experiences, and establish new standards of excellence for on-premise activities, live performances, and immersive dining.

Seamless Transitions from F&B to Fun

Reduce lines and wait times and increase average check size with frictionless ordering.

Smarter Staffing

Take more orders with fewer steps with the Pocket POS. Add on-premise QR ordering for maximum flexibility across your large venue.

Operational Excellence

Key reporting including product mix, sales, and promotion data to support smart, fast decision making, all available in real-time.

Guest-Centric, Designed for Eatertainment

Our specialized platform is meticulously crafted to cater to the unique needs of eateries that blend food, fun, and unforgettable experiences. With GoTab's innovative solutions, you can effortlessly manage reservations, streamline ordering processes, and enhance guest interactions—all while creating a vibrant atmosphere that keeps patrons coming back for more.

Shared Tabs

Patrons can effortlessly share tabs on mobile devices with their fellow diners and divide bills according to their preferences. No more hassle over separate checks or concerns about reimbursement with large parties. Whether they prefer to split the bill item by item, per person, or by a specific dollar amount, GoTab gives them complete control over their dining experience.

Personalized Service, Activated

Guests can book and pay for reservations online and when they check in on the day of their reservation, a tab will automatically be created for them with their purchase and payment info stored. The frictionless experience allows guests to check in faster, start ordering, and have fun right away.

Seamless Mobile Ordering

Whether by the bowling alley, pickleball course, mini golf, the bar, or the game area, guests have the ability to use mobile ordering, keeping the party going and enjoying all the hospitality your venue has to offer. Plus, with GoTab, you can create separate menus tailored to specific zones on your property.

Smooth Kitchen Operations

The GoTab KDS combines process engineering and food and beverage operations best practices to help eatertainment venues run kitchens efficiently without sacrificing service quality. Unique capabilities like smart preparation, order batching, and plating guides make sure every order gets the attention it deserves.

NO LOCK IN CONTRACTS

Our platform offers the freedom to enhance guest experiences and streamline operations without restrictive contracts. With month-to-month agreements, GoTab puts the power in your hands.
