Who We Serve

HilineOS for Nonprofits is designed for nonprofit organizations with:

- A growing need for financial clarity at critical moments
- Annual budgets between \$1 million to \$10 million
- Team size of 75 employees or fewer
- Multiple funding sources requiring compliance and reporting

We're built to handle complexity — whether that means juggling restricted grants, preparing for audits, or reporting clearly to your board.

Focus on Impact not Paperwork

“Hiline gets nonprofits. I trust them impeccably. They work so closely with us and provide so much education and strategy around our finances that they feel like an extension of our team. Most nonprofits won't get that level of expertise on their own.”

Meg O'Connell
Executive Director, Allyn Family Foundation
