

Get a clear picture of your work in the cloud. *Before you go.*

A **Cloud Migration Readiness Assessment** with Highway Three sets you up for success - and with a business case for cloud.

3 reasons to get a CMR now:

Crucial for effective and accurate planning of budgets and timelines

Removes uncertainty and avoids surprising migration challenges

Quick turnaround for all teams means you get ahead of your competitors

KEY COMPONENTS:

Launch & onboarding

Complexity & App Assessment

User & Governance Review

Migration strategy recommendations

Business Challenges Addressed:

- ✓ Migration mandate but no roadmap
- ✓ Concern for functionality loss
- ✓ Unclear budgeting requirements

A review of your on-prem solution is the vital first step of a migration. By identifying priorities, scope, permissions issues, integration complexities, identity management, and other factors, we can significantly improve the migration process.
