Why Netpeak?

Cutting-edge SEO technologies

We designed proprietary technology for our internal use to enhance SEO forecasting, real-time competition and market share monitoring, and content development. We also are the creators of Serpstat, one of the industry-leading SEO tools.

Data-driven approach and transparency

Our SEO teams set SMART goals, measure their achievability with comprehensive analytics and forecasting, provide market share analysis, and ensure transparent project communication.

Flexible and cost-efficient cooperation

We ensure project cost efficiency by introducing 6 cooperation models and an option to configure a custom one for complex, long-standing projects
