

We help you get the most out of your people, **while helping them get the most out of working for you.**

Employees are your business' most-valuable asset. Escalon makes sure you and your employees are set up for success through a full suite of human resource offerings, from sourcing the best talent to compliance, from payroll to

benefits. Escalon takes on the hard work and gives you one call to manage it all. You get time back in your day, and employees are thrilled. It's why we say, "Escalon. And Done."

Your HR Partner™

Escalon gives you and your employees a comprehensive, one-and-done platform. Protect them through our benefits management oversight. Get them paid on time, and provide them the tools and training they need to excel. We'll keep you compliant and provide thorough, data-driven HR reports. Done.

Recruiting Done™

Escalon's Recruiting Done services reduces cost per hire and time to hire, all while enhancing the overall recruiting experience for both candidates and hiring managers. A powerful alternative to contingent or retained search, our experienced recruiters deliver top-notch candidates at up to a third of the cost. Done.

Payroll Done™

Let our payroll management oversee take care of the details of time reporting, taxes/other deductions, direct deposit and more, ensuring your people get paid accurately and on time. Done.

HR Done™

Our experienced consulting teams customize an essential online human resources hub for your employees, including benefits enrollment, time reporting, career development resources and more. Best yet, your hub can easily evolve based on your business needs. Done.

Benefits Done™

We enable you to provide a full complement of employee benefits to help attract and retain great talent so you can have a thriving, productive workforce. And if we are the broker of record, we act as the single point of contact for all carriers. Done.

Sure Setup™

Missing a beat with your payroll, benefits, or other human resource obligations is not an option. Our Sure Setup ensures all of your people, platforms, and processes are integrated and ready to go at day one. Done.
