

Rollout Partners: Who We Are

Rollout Partners is a Cin7-focused implementation and optimisation consultancy helping growing product businesses implement, migrate, integrate and optimise Cin7 with less complexity and greater confidence. Founded by three former Cin7 professionals, we combine inside-platform experience with a lean, senior-led delivery model — giving customers direct access to experienced specialists throughout their journey.

Certified Cin7 expertise. Practical implementation. Senior-led delivery.

WHAT WE DO

Implementation Practical Cin7 configuration aligned to products, purchasing, inventory, fulfilment and reporting	Data Migration Preparation, validation and migration of products, customers, suppliers, stock and opening balances.	Systems Integration Connecting Cin7 with accounting, eCommerce, marketplaces, shipping, 3PL and other business apps.
Process Optimisation Identifying bottlenecks and building repeatable workflows your team can adopt and maintain.	Training & Go-Live Role-based training, UAT, cutover planning and hands-on go-live support.	Ongoing Support Troubleshooting, continuous improvement, reporting enhancements and system health reviews.

WHY ROLLOUT PARTNERS

- Inside-platform understanding — former Cin7 experience beyond surface-level configuration
- Senior-led delivery — direct access to experienced specialists, no junior hand-offs
- Faster decisions — experience reduces rework and keeps projects moving to go-live

- Practical solutions built around how your business actually operates
- Lower delivery overhead, with consulting time focused on genuine business value
- Long-term value — we build capability in your team, not dependency on us

OUR DELIVERY FRAMEWORK

A structured five-step approach:

Discovery & Scoping → Account Configuration → Data Preparation & Migration → Training & User Acceptance Testing → Go-Live & Handover

Each step designed for controlled decisions, clear ownership and real team readiness.

OUR TEAM
