Built for B2B

Unlock new geographies

Access untapped customer segments
no other onramp can reach.

Revenue share

Earn 20% on every transaction fee
from the 0.5% fee we charge users.

Near instant purchases

Your users can buy or sell crypto in under
60 seconds thanks to P2P matching.

AML & Compliance

Fully compliant, secure
AML & KYC handled for you

Integration methods

Deep Link

Add a "Buy with Bank" or "Sell for Cash"
button that redirects to UNIGOX with
prefilled amount, asset, and currency.
Live instantly, no dev needed

Inframe Widget

Embed UNIGOX widget directly into your
platform as overlay or in embed mode.
Perfect for keeping users inside your flow

Server-side API

Initiate trades directly from
your backend for full
control over the user journey.
