Elevait

Boots2Biz

Partnering with corporations to upskill Veterans for impactful careers through Contingent Workforce, SOW, and FTE opportunities.

Elevait's Boots2Biz program taps into the unique strengths of military talent, driving performance, precision, and innovation across tech, engineering, professional, and light industrial roles in corporate America.

Our mission is simple

"We invest in Veterans because they invested in US."

Through strategic partnerships, Elevait creates dynamic pathways beyond traditional training... blending SkillBridge fellowships, on-the-job experience, mentorship, and virtual learning to equip veterans for high-demand careers with confidence and impact.

2025
Diversity-Owned Staffing
Firms in the US & Canada

Mission Met - Outcomes Delivered

HR/MSP Workforce Enablement

Strategic partnership delivering a professional certificate combining background screening, compliance and audit, and VMS training to deliver certified, MSP and HR ready professionals.

Welding Certificate

Veterans complete a structured welding program with AI-guided video assessments to ensure certification-readiness and skill mastery.

Cybersecurity Playground

A specialized, expert-driven LMS designed to empower Veterans with cutting-edge skills in threat hunting, penetration testing, and SOC operations—accelerating their path into high-impact cybersecurity careers.

Partner—Empower Veterans — Strengthen Workforces

Learn how you can partner to support those who've sacrificed to protect our freedom.
