

AI client management for every business you run.

Your clients, marketing and money in one place, with AI that knows your business. Say it. Approve it. Aventide runs it.

Who it's for

People who sell sessions, projects or both: coaches, tutors, consultants, designers, photographers, agencies and doulas. Solo, or in teams of 1 to 10.

What it does

- Aventide's AI drafts proposals, follow-ups and documents from each business's saved details; ask for them through Sidekick, in the app or by message on Telegram, WhatsApp or Slack. You approve the draft; Aventide sends it and records what happened.
- More than one business under one login. Each keeps its own clients, branding, portal and Stripe account.
- Bookings, with payment in full or a deposit when the client books.
- Proposals clients accept online, and contracts with e-signature.
- Invoices paid through the owner's own Stripe account; Aventide takes 0%, and Stripe's fees apply.
- A client portal in each business's logo, colors and fonts.
- An inbox for client email, personal or shared with the team.
- A Daily Brief of what needs attention: approvals, overdue invoices, today's bookings and to-dos.
- Marketing for each business: a calendar that publishes your social posts, your Brand Kit, a shared Library of photos and videos, and an SEO check of your website.

Anything Aventide drafts for a client waits for your approval; automations you switch on run on their own.

Pricing

US dollars, as of October 15, 2026.

- Free trial: 14 days, no card, 4,000 AI credits, up to 3 businesses and up to 3 teammates.
- Starter: \$39 a month, 40,000 AI credits a month.
- Pro: \$99 a month, 120,000 AI credits a month.
- Both paid plans include every feature, unlimited businesses and unlimited team members.

Works with

Stripe, QuickBooks, Google Calendar, Gmail, Zoom, Instagram, Facebook, LinkedIn, Threads, TikTok and YouTube.

Not in Aventide today

A native mobile app (the full app runs in a desktop browser), a workflow builder, and accounting (it connects to QuickBooks). It isn't for health records.

Who makes it

Second Spring Design Inc., Spokane, WA. Founded in 2025 by Christian Quiver (CEO) and Eric Baxter (CDO).
