

Customized consulting and support from certified consultants within the framework of Asana Advanced Consulting

You have decided to introduce the **work management tool Asana** in your company and would like to adapt your processes to Asana? As change management and Asana experts, we advise and accompany you on your way.

PCG uses its full know-how for you to support you in the **custom-fit implementation and adaptation of Asana to your processes**. Due to the flexible billing and utilization of the booked hourly contingent, we enable you to receive an individual and demand-oriented offer. In addition, PCG offers you German-language support.

Asana Advanced Consulting.

Asana Advanced Consulting analyzes your core processes and projects and restructures them. Comprehensive project and process consulting is provided.

The consulting takes place as a remote session with a group size of 1 - 5 people. The billing of the hours takes place per contingent or according to expenditure.

Buchungsoptions.

Book Asana Advanced Consulting remotely or on-site (plus travel expenses). Price on request. Consulting is available in both English and German and can be booked on-site only as full days or in combination with other trainings.
