Our 350+ experts follow a Flex to Fit philosophy, tailoring our partnership to your unique needs. Whether optimizing your presence or boosting sales, we focus on doing it right, exactly to your specifications. Let us manage the complexities of Amazon so you can excel at what you do best: creating and selling exceptional products.

Amazon is our passion

Recom collaborates with brands to craft winning marketing and sales strategies, supporting core business models while expanding Amazon sales. We expertly handle the Amazon landscape.

Stand out in the crowd

Our suite of services expands your Amazon footprint, protects your brand equity, and grows your sales with proven, data-driven results.

We do Amazon

Our experts guide you through every aspect of the Amazon ecosystem, from supply chain management to content creation. We handle it all: demand forecasting, marketplace integration, advertising, and brand control.

Advertising

Our in-house team of media and marketing experts accelerate traffic to our partners' listings, yielding exceptional conversions and returns.

Catalog Management

Our CMS organizes, optimizes and monitors marketplace listings which provides a stable launchpad for accelerated growth.

Creative

Our expert creative approach delivers best-in-class content, design, and SEO, ensuring a compelling, unforgettable, on-brand experience that captivates and drives growth.

Brand Control

Advanced strategies and software elevate brand control, safeguarding against counterfeit products, unauthorized sellers, and pricing discrepancies both on/off Amazon.

Logistics + Fulfillment

Our dedicated team of logistics, purchasing and forecasting experts ensure that we maintain optimal stock levels to support and sustain brand growth.

Insights

Coupled with our digital analytics, our custom reporting dashboard provides comprehensive insights that empower our partners to refine and enhance decision making.
