

GET MORE OUT OF ASANA

Unlock clarity, automation,
and better team performance,
fast.

OVERVIEW

Vesta Digital Intelligence is a boutique consulting firm focused on helping teams get real results from Asana. Whether you're starting fresh or looking to unlock advanced automation, we meet you where you are, and get you where you need to go.

From clean new implementations to fast-turnaround health checks and cutting-edge AI Studio setups, we combine deep platform expertise with practical, hands-on delivery.

BENEFITS

1. Clear outcomes: Your most urgent problem solved or your team fully launched.
2. Expert support: Delivered by experienced consultants who've seen it all.
3. Built for scale: Everything we configure is designed to grow with your team.
4. Lean engagement: Fast turnaround, high impact, low lift for your team.

OUR OFFERINGS

01

New Implementations

Set up Asana the right way, with scalable workflows, project templates, portfolios, and custom fields: ready for cross-functional use from day one.

02

Health Check & Fix-1

Already using Asana? We review your current setup and fix one of your biggest friction points: hands on keyboard.

03

AI Studio Launch

Bring automation to life. We configure and launch Smart Rules, Smart Chat, and AI-driven workflows.
