Boost Recruitment with 80 Level

Welcome to 80 Level Talent

80 Level Talent is premium job-matching subscription service catering to the video game and other creative industries.

We offer two highly effective ways to hire or be hired.

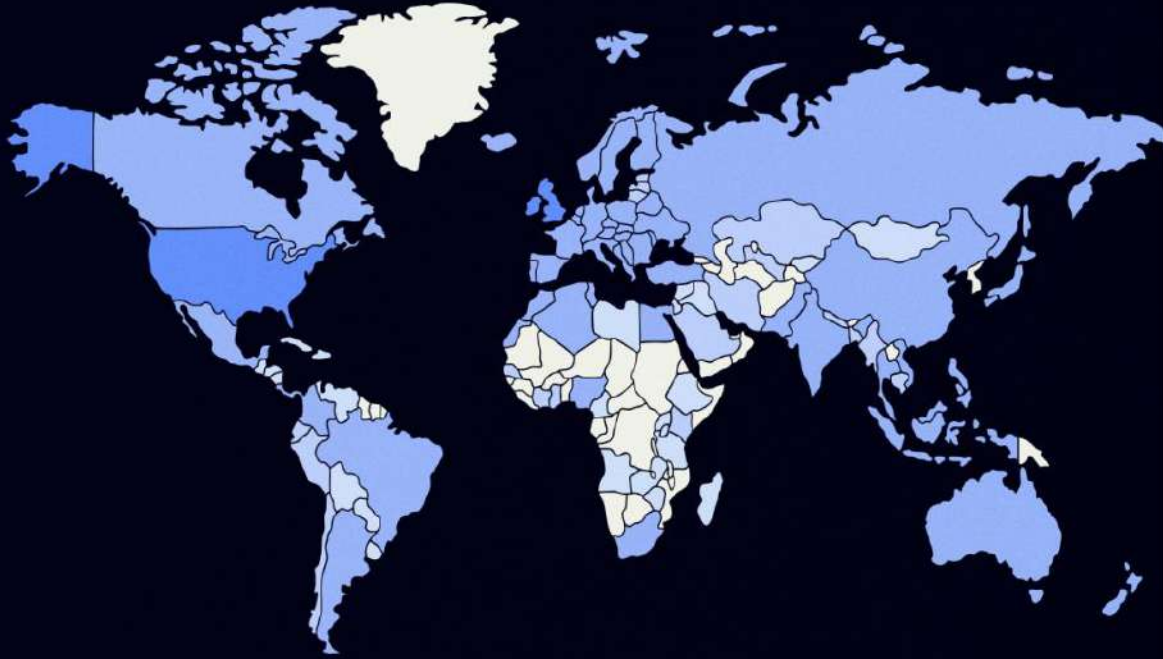

Our instant **Job Posts** and searchable, curated **Talent Database** combine with an intuitive questionnaire – a powerful candidate screening tool ensuring an experienced, relevant, and more compatible jobmatch.

What makes us different?

Our streamlined, production-savvy process speeds up recruiting and staffing projects, and lets you get back quickly to what you do best.

How Can 80 Level Help?

Increase HR Brand Awareness

Access to the Top-Rated Social Media Communities in the Game Development Industry

Your articles will be featured on the main page at 80 Level and viewed by 1M+ creatives

With the banners rotated on the website we can generate over 100K unique impressions

Your careers will be promoted across 1M+ followers on our social media channels

Ease the Recruiting Process

Extended Database

Benefit from our database of over 8,000 hand-selected profiles of artists, designers, animators, and engineers

Handy Recruiting Tools

Enjoy an intuitive questionnaire – a powerful candidate screening tool ensuring an experienced, relevant, and more compatible jobmatch.

How It Works

Two ways to hire: Job Posts Tool & Searchable Talent Database

We offer a premium Job Posts Tool

Save effort by using our instant Job Posts tool to reach the best candidates, ensuring you find the most qualified talent for your production team.

We provide a growing pool of top talent

Save time by searching our Talent Database for pre-qualified, top-tier professionals, actively looking for work.

We support a streamlined hiring process

Save time by quickly moving through the recruiting process and hiring new team members.
