CARBON 6

Reclaim up to 99% of chargeback fees, shortages, and overbillings

Amazon 1st-Party Vendor cost recovery

$30B under management

Get started with a free recovery audit!

Free Chargeguard Evaluation and Recovery Analysis (C.E.R.A.)

Our C.E.R.A. account audit reveals the amount of chargeback and shortage fees that are recoverable from Amazon. We then go to work to reclaim up to 70% of these fees on your behalf.

Robust Reporting and Dispute-Tracking

No need for a dashboard. With chargeguard insights, we'll show you which disputes are pending, denied, and approved. Plus, see total counts, chargeback types, monetary impact, and more.

Single Point of Contact

Work with a team of experts, dedicated to getting back what's yours. Our Certified Recovery Specialists will work to identify root cause, submit and manage disputes, and track recoveries while you focus on growing your business.

The $13 Billion Opportunity

Did you know that in 2020-2021, Amazon amassed an estimated $13 billion in fees on Vendor Central alone? The problem with Amazon's machine-driven processes is that machines make mistakes. The good news is that chargeguard finds Amazon's mistakes to reimburse you.

Amazon deduction management made simple.

- 5-year fee recovery
- Single point of contact
- Root cause analysis
- Visible dispute activity
- Robust reporting
- AVN consulting
- Up to 20% profit increase

Pricing

No cost until funds are recovered.

chargeguard charges a percentage commission for successful recovery.

Trusted by:
