Vanta

The leading Trust Management Platform

Automate compliance. Simplify security. Demonstrate trust.

Vanta is the industry's first Trust Management Platform. We automate GRC workflows and centralize security program management to give growing companies a fast, frictionless way to get compliant, stay secure, and earn and maintain the trust of vendors and customers alike.

Thousands of companies rely on Vanta to scale and future-proof their security and compliance programs to accelerate deals, increase efficiency, decrease risk, and build lasting relationships with their customers.

Why choose Vanta?

Accelerate growth

Vanta automates up to 90% of the work needed to complete security audits. And with the ability to prove security prior to completing attestation, you can unlock new markets and close deals sooner.

Increase efficiency

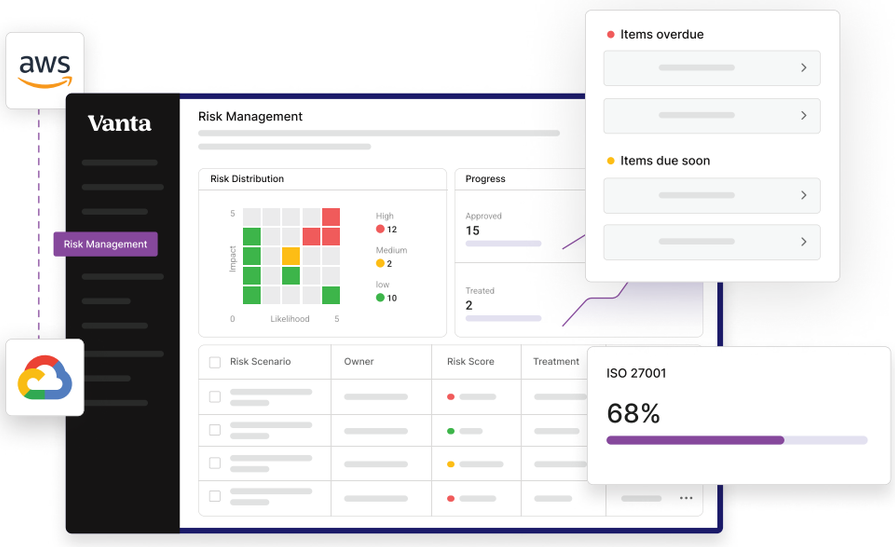

Vanta provides centralized visibility into your security status and streamlines the work required to maintain compliance — so your team can stay focused on the important things like building and selling world-class products.

Mitigate risk

Vanta goes beyond checklists and point-in-time audits with continuous monitoring to keep you secure and compliant at all times while empowering you to address issues as they arise.

Demonstrate trust

Vanta helps you establish scalable security practices to keep your team, devices, and data secure and prove these security practices to external stakeholders such as customers, partners and investors.

Don't just prove security, build trust

Vanta allows you to identify, understand, prioritize and remediate risks across every aspect of your business.

Complete risk visibility

Our platform provides a unified view of your security landscape, enabling you to identify and address risks before they can cause financial or reputational damage to your brand.

Enriched contextual findings

We provide deeper context and understanding of risks so you can better prioritize remediation and improvements to your security program.

Efficient remediation

We surface the information you need to quickly address vulnerabilities and stay compliant with real-time alerts and remediation workflows.

Establish and maintain trust

We help you demonstrate all the work you do to stay secure and compliant so you can establish, maintain, and deepen trust with those who rely on the tools you provide.

> "With Vanta's Trust Reports, we can clearly articulate the certifications, controls, and practices we have in place, which instills trust and accelerates our sales cycles."
>
> Chris Evans, Co-founder & CPO, Incident.io

Getting started

Connect your tools and infrastructure
Leverage Vanta's 100+ pre-built integrations or the Vanta API for custom connections.

Complete your gap assessment
Use Vanta's pre-configured controls or import custom controls that support your company's unique needs.

Fix items on your to-do list
Receive alerts and guidance via email and Slack to stay on top of fixes.

Complete audit
Partner with independent, Vanta-vetted auditors for a streamlined audit process that takes place entirely in Vanta.

Remediate risk
Identify and remediate risks that can lead to lasting damage using our access, inventory and vendor management solutions.

Demonstrate trust
Showcase your security and compliance efforts externally to build trust and grow your business.
