# WELCOME...

Placer Valley is comprised of three vibrant communities, Roseville, Rocklin and Lincoln. Within these communities lies an abundance of destinations and amenities that can transform your visit into an adventure.

# WELCOME TO PLACER VALLEY

While the term Placer County is commonplace, many might wonder what exactly is "Placer Valley" and Placer Valley Tourism.

South Placer Tourism, Inc., known as Placer Valley Tourism is a 501(c)6 that was formed in 2004 by the city of Roseville under provisions in the California Streets and Highways Code Section 36500-36504, known as the "Property and Business Improvement District Law of 1994." It is classified for tax purposes as a 501(c)6.

Placer Valley is comprised of three cities, Roseville, Rocklin and Lincoln. Placer Valley Tourism's mission is to "increase the health of the hotel industry through occupancy and average daily rate in Roseville, Rocklin and Lincoln."

Placer Valley Tourism recruits a wide variety of events, from corporate to sports to performing arts activities, to come to the area and provides grants to organizations that

generate room nights in Placer Valley hotels, which pay a small assessment fee for each paid room night that assists the organization in its efforts.

Roseville is the largest city in Placer County and is called home by 135,000 residents. Rocklin is one of the fastest growing cities in the region and is home to more than 70,000 residents. The city of Lincoln forms the final trio of those considered to be Placer Valley with just more than 47,000 residents to date.

All of the communities within Placer Valley, along with its nearest neighbors, boast an abundance of places to see, play, stay, shop, dine and drink. The region is home to some of the best sporting and event facilities in the state, drawing visitors from miles away each and every year to take advantage of all the area has to offer.

KEN BROADWAY

Rocklin is a unique city in Placer County that has a small town feel with large city amenities. On the same day, you can tour the Rocklin History Museum, shop at a small boutique, eat at an award-winning restaurant, and purchase a luxury vehicle. Over the past 30 years, the population of Rocklin has grown from 19,000 to more than 70,000, and it's no wonder why.

Whether you're a thrill-seeker, patron of the arts, or a foodie, there is something for you to enjoy in Rocklin.

Rocklin has 37 incredible parks that total 640 acres of park and recreation space, offering almost one acre of park per every 1,000 residents in the city. Our parks feature a wide variety of recreation activities and amenities. Landmark Johnson-Springview Park, in the center of the city, has just about anything you could want: lighted baseball and softball fields, lighted tennis and pickleball courts, a splash pad, an 18-hole disc golf course, a dog park, playground, community garden

space, and much more. If you're more interested in passive recreation, the Sunset Whitney Recreation Area features almost five miles of trails where you can view wildlife, go for a jog, or just stroll through the park.

We're serious about fun in Rocklin and there is no better example of that than Quarry Park Adventures. Quarry Park Adventures is a zipline and ropes course built in the historic Big Gun Quarry where adventurers can rappel, free fall, zip line, and climb while surrounded by sheer granite cliffs. We also offer entertainment year-round, like concerts in Quarry Park in spring, movies in the park in summer, Barktober Fest in fall and the Christmas tree lighting in winter. There is no bad time to visit Rocklin, and odds are good that there will be a community event taking place whenever you visit!

The city is also home to several award-winning restaurants, including Wally's Café, The Chef's Table, Kathrin's

Beergarten, and Early Toast. If you enjoy beer, you can find your next favorite brew at local breweries like Moksa or Out of Bounds. Or, you can try something different at Mind Scape Fermentations, a hard kombucha brewery.

Rocklin is proud to be a family community. Rocklin schools are consistently voted as some of the top performing schools in the state. Rocklin also has two collegiate options for students as well: Sierra College and William Jessup University. And it's not just residents who love our city. Rocklin has been voted by Money Magazine as one of the Top 50 Places to Live in the United States and has been consistently listed as one of the Top 50 Safest Cities in California.

Rocklin is a city with a rich past and a bright future. Whether you prefer our temperate climate, beautiful scenery, historic buildings, or adventurous recreation, I hope you'll stop by and enjoy all that Rocklin has to offer.

# TEE OFF, CHILL OUT AT GOLFLAND SUNSPASH

### Golfland Sunsplash

---

When the warm weather hits in Placer County, there are a number of fun ways to cool off in the region but one of the most unique destinations in Placer County is Golfland SunSplash that offers an array of attractions with plenty of thrills, chills or a miniature golfing adventure.

Throughout the year, Golfland Sunsplash offers a number of attractions at their park that is located just off Interstate 80 near the Eureka Road exit and Taylor Road. While the attractions vary a bit year to year with new additions and updates, here is a look at just a few of their longtime popular features.

#### For those looking for mild fun

The Thunder Bay Wavepool is one of Golfland SunSplash's centerpiece attractions. This gigantic wave pool creates 84-foot-wide tsunami waves to ride on. Another one of the mild attractions is the Bermuda Triangle. Whether you're looking for something to do with the kids or you just need a break from the thrill rides, come relax in a comfortable inner tube and let the gentle current do the rest.

#### For those who are wild in training

**Adventure Island:** This haven of shallow water (which is just three-and-a-half feet at its deepest) is a favorite spot of swimmers and non-swimmers alike. You can wade, splash, slip down slides or just relax.

#### For those looking for maximum wild

**Riptide:** A toe-curling 65-foot drop loaded with dizzying twists and turns ends with a high-speed shot up a nearly vertical wall that will leave you breathless. For two to four riders.

**The Six Shooter:** Grab a mat and race your friends to the bottom of this exciting, high-speed six-lane race slide. Single weight limit is 300 pounds.

**The Double Dare:** You've climbed more than seven stories in the air and you step into the launch capsule positioned over the near vertical freefall drop. Start counting ... leave your eyes open if you dare! Riders go from top to bottom in eight seconds with powerful G-Forces gluing the rider to the side of the wall the entire way down the slide.

**Thunder Falls:** Starting at almost seven stories high, Thunder Falls is an exciting family raft ride featuring three breathtaking drops!

**The Stealth:** Northern California exclusive – The Stealth is the ultimate thrill ride straight down a five-story half pipe splashing down into crystal clear water. Can be used with single or double tube.

**Stormrider:** Feel the rush as you experience the massive drop from more than seven stories up. Feel the G-forces as you go nearly vertical clinging to the side of the bowl. See how many revolutions you can make before dropping down and decelerating in the water below.

**The Revolution:** Starting from nearly seven stories, The Revolution will catapult you straight down into an open bowl! Guests 42" to 48" can ride with an adult. For one to two riders.

**The Twin Sisters:** Green or purple, take your choice. Each slide is a different and thrilling ride experience. Ride these serpentine slides on a single tube.

## MORE THAN 70 YEARS OF SPEED AT ALL AMERICAN SPEEDWAY

Physical improvements in the last three years have brought a shine to the 67-year-old facility but also evident is the energy level and excitement at each race event. Regular speedway divisions include youth racing with the Mini Cup/Bandolero and Jr. Late Model divisions; grassroots racing in the F4s, Super Stocks, and Limited Modifieds; and drivers at the upper echelon of regional competition racing in the NASCAR Late Model division. ## **HOT CHILI AND COOL CARS TO REV UP FOR 30TH ANNIVERSARY**

**Hot Chili and Cool Cars is a roaring good time each year in the heart of Rocklin.**

**For 2023, the Rocklin Area Chamber of Commerce will celebrate the 30th anniversary and is ready to rev the event up on Sept. 16 at Quarry Park and the surrounding streets once again.**

////////////////////////////////////

This annual event is a longtime local favorite for classic car buffs, homemade chili aficionados and especially those who love both. It's one of the few events that shuts down several blocks to transform the town and brings exactly what is in its name to life: a lot of hot chili and a lot of cool cars.

In the past, more than a dozen teams entered the annual chili contest portion of the event and the car show has been known to boast more than 150 cars each year.

Categories that the chili cooking teams can compete in include best overall, best runner-up, people's choice, best-decorated booth, fire choice, police choice and a special award for the team that makes the most unique and hottest chili.

Along with the chili and cars, several vendors from the region will have booths at the event that has drawn more than 14,000 spectators.

In all, more than 17 acres will be consumed by the event that is made possible this year by title sponsorship from Five Star Auto Center and RC Willey.

# FARM FRESH IN PLACER

Farmers' markets are a great way to shop locally and give back to the community while supporting small businesses.

You don't have to wait until the rain clears up to attend some of these farmers' markets. They're open all year round.

Starting in Roseville, you can always find the PlacerGrown farmers' market open Tuesday mornings in the parking lot outside Whole Foods.

Up the Interstate, Old Town Auburn hosts farmers and vendors Saturday mornings, while

further north, the market in downtown Nevada City meets the first and third Saturday mornings.

The markets always carry produce, whether it's the fresh aquaponic-grown lettuce from Produce Alive in Loomis, plump cucumbers from Auburn's Hillview Farms or Minneola Tangelos from Penryn's Pilz Produce. Also available are baked goods, such as Macadamia Brittle from Zia G's Candies or Meyer Lemon Rosemary bread

## FARMERS MARKETS

To find more info on farmers markets, the PlacerGrown website is a great place to visit: [www.placergrown.org](http://www.placergrown.org).

In addition to a listing of the current markets, they feature individual vendors and even have recipes using local ingredients.

from the Baker and the Cakemaker.

There are so many advantages to shopping locally at your own farmers' market rather than purchasing from big companies.

The produce that you buy is much fresher. It's no secret that produce that has to be shipped long distance must be picked while it's firm for transport. That's how you end up with green bananas and banana-colored tomatoes. While you likely can't find fresh bananas in the Gold Country, you can find fresher versions of other fruits and veggies.

Not only are you getting fresher food when you shop at farmers' markets but you're supporting local families in our community. Whether immediate neighbors or long distance from Sacramento and Yolo counties, dollars spent at farmers' markets support local families.

You can ask about farming practices and vote for changes with your dollars.

A nice benefit of visiting farmers' markets is that you can ask about farming practices, such as whether farmers are paid a living wage or whether that particular farm uses organic practices.

# TRAILS, TRAILS AND MORE TRAILS

Regardless of what city you are staying or residing in Placer Valley, one of the common amenities all of them share is the abundance of area trails where you can get out to stroll, jog or pedal and explore.

With so much landscape that forms the beauty of our region, trail possibilities are endless, depending on how far you plan to trek, what you set out to see and how much time you have to do it. Here are three top picks from each of our area cities that you might want to check out and enjoy.

## Auburn State Recreation Area

If you're after great views, you can't do much better than the Auburn State Recreation Area, located right in the heart of Placer County Gold Country. Covering 40 miles of the North and Middle Forks of the Auburn State Recreation Area, offers direct access to both the river and the sweeping canyon that surrounds it. Imitate the gold miners of yore and pan for gold in the river, test your mettle on a whitewater run, or enjoy a quiet picnic under lush, shady trees— no matter what you do, this state park is bound to impress.

## Big Meadows Campground

You know these places that just feels a little bit like a fairy tale, with rolling hills, open meadows, and towering trees as far as the eye can see. Open June through October of every year, this 53-site campground, an open meadow surrounded by lodgepole pines and red fir, offers a central location to some of the area's most sought-after activities, including swimming, fishing, picnicking and boating. Only 5 miles away is , and don't let the name fool you— this gorgeous man-made reservoir is truly heavenly. Fish, kayak, camp or hike as you explore its gorgeous rugged landscape!

## French Meadows Campground

This campground is Located on the south shores of the French Meadows Reservoir. French Meadows Campground is a family-friendly spot that offers boating, canoeing, fishing and swimming within the reservoir's stunning waters. If rivers are more your thing, the North Fork American River is nearby as well. The best part about this campground though? It gives you direct access to some of the area's most famous trails, including the Pacific Crest Trail, the Western States Trail and the Granite Chief Wilderness. If you're an avid hiker, the most difficult part of your trip will be deciding which trail to embark upon!

## Granite Bay & Beal's Point Recreation Area

If you're looking to enjoy Folsom Lake, might be just the place for you. The campground has 69 sites that can accommodate tents, trailers and RVs, as well as a stocked snack bar that rents water equipment like kayaks, paddleboards, rafts and more. Visitors have direct access to 95 miles of running, hiking horseback, and biking trails, including the American River Bicycle Trail— 32 miles of paved

trails that follow the river all the way to Old Sacramento. If you're craving a little history, stop by the Folsom Powerhouse, a historic alternating current (AC) power station from 1895.

## Hidden Falls Regional Park

Hidden Falls Regional Park is a breathtaking natural wonderland located in the heart of Placer County, California. Boasting over 1,200 acres of stunning scenery, visitors can explore miles of hiking and biking trails, fish for trout and bass in the tranquil ponds, and enjoy a picnic in one of the many scenic spots throughout the park. The park is also home to the stunning Hidden Falls, which cascades down a 30-foot drop into a sparkling pool below. Whether you're seeking a peaceful retreat or an outdoor adventure, Hidden Falls is a must-visit destination for nature lovers of all ages.

## William Kent Campground & Beach

This location is the best of both worlds for visitors who want to camp in the forest and still be steps away from the beach. The main campground, tucked into the majestic pines and firs of the Tahoe National Forest, offers 76 campsites and even a few yurts for those wishing to get a little more comfortable, though for more temporary guests there is a day-use area just across the street. The campground offers direct access to the paved trail that follows Lake Tahoe's shoreline, so don't be scared to hop on two wheels, strap on your helmet and get riding!

## Lake Clementine Boat-In Camping

An expansive reservoir located at the base of a stunning canyon, Lake Clementine offers great fishing, numerous water activities and stunning views of the Sierra Foothills. Anglers can cast their lines in the hopes of catching some of the lake's signature fish, including rainbow, brown and brook trout, large and smallmouth bass, carp, catfish and more, while water sport enthusiasts can test the lake's calm waters with water skiing, wakeboarding and kayaking. One of Lake Clementine's most famous activities is its , giving sailors access to 15 primitive campsites that have floating restrooms, picnic tables and fire rings. Camping is only open May 1-September 30, so be sure to get down there before it gets too cold!

## ADVENTURE AWAITS AT ROCKLIN'S QUARRY PARK

**Whether it's zipping, soaring, climbing or just enjoying a concert, Quarry Park Adventures is known to offer one of the most unusual and enjoyable experiences you'll ever have right in the heart of Rocklin.**

Quarry Park Adventures is located in a 160-year-old Quarry District in downtown Rocklin. The theme park is a one-of-a-kind outdoor experience with adventure activities that are fun for the whole family.

From zip lines and free-fall jumps to tranquil paddle boat rides, a truly incredible kids' adventure area and more, Quarry Park Adventures is an unforgettable destination for a fun, easily accessible adventure in Northern California.

Although there is nothing like Quarry Park Adventures in the western United States, what really makes it a one-of-a-kind, never-to-be-duplicated experience is the site on which the park is located. The adventure park is built into and around what was one of the largest working granite quarries in California, the Big Gun Quarry. The park utilizes the huge quarry's sheer walls, the quarry's floor, the quarry rim, the two-acre lake and even the 60-foot-high waterfall.

The city of Rocklin's historic Quarry District has undergone a transformation. The Quarry Park Adventures Park, Platinum Living Amphitheater, a potential eatery, and brewery contribute to the expansion of the Quarry District that is still in progress.

### Dueling Dogs Brewing Company

In 2014, Earl and Adriana Stephens established Dueling Dogs Brewing Co. They planted a few mandarin trees and were inspired to craft brews from the delicious citrus fruit. After weekends and nights of hard work, the couple filled their 10-acre property with two acres of mandarins, an acre of hops, a vineyard of grapes and an Italian-inspired tasting room.

The making of Dueling Dogs has truly been a labor of love. Dueling Dogs Brewing Co. is at 3030 Barrett Park Lane, Lincoln. The website is [duelingdogsbrewing.com](http://duelingdogsbrewing.com) and the phone number is 916-434-8141.

### Goat House Brewing

Goat House Brewing co-owners Michael and Catherine Johnson make handcrafted beer from locally-sourced ingredients. Embracing the farm-to-glass experience, they converted a red barn into the brewery and tasting room. They grow hops onsite and pick fruit from their orchard at the peak of freshness. Partnering with a local beekeeper, the Johnsons also help the bee colonies thrive and honey harvested on the farm is used as a key ingredient. Hop honey anyone? Visit and sample handcrafted ales.

Goat House Brewing is at 600

Wise Road, Lincoln. The website is [goathousebrewing.com](http://goathousebrewing.com) and the phone number is 916-740-9100. Email is [info@goathousebrewing.com](mailto:info@goathousebrewing.com).

## LINCOLN POTTERS LOOKING TO DEFEND WEST COAST WORLD SERIES CHAMPIONSHIP HOSTED BY PLACER VALLEY TOURISM IN 2023

Fresh off of a 2022 West Coast World Series championship, the Lincoln Potters are back for another summer of action at the historic McBean Stadium in Lincoln.

The Potters saw one of their most successful seasons in franchise history in 2022 with 10 former players signing with Major League Baseball organizations, including 19th overall pick Daniel Susac. Three of those 10 players donned a Potter uniform in 2022.

The 2023 campaign will mark 100 years of Potters baseball in Lincoln. The Potters will have a special logo for the season that pays homage to the baseball roots dating back to 1923.

There will be a new manager at the helm of the club this season in Jon Peters, who served as the assistant coach for the club for several seasons. Peters is an experienced player and coach, having played at Chico State and coaching for Folsom Lake College. He also runs Better Baseball, one of the top youth programs in the region.

The Potters schedule will again be one of the more difficult schedules in all of Summer Ball. The California Collegiate League will prove once again to be one of the premier summer leagues in the nation as top talent from across the country will make their way to the Golden State to play ball.

Lincoln will have plenty of league and non-league action this year and is excited to renew rivalries with clubs such as the Healdsburg Prune Packers and Medford Rogues.

The full schedule will be released soon and you can view it at

[LincolnPotters.com](http://LincolnPotters.com).

All Season Tickets will be available online at [LincolnPotters.com](http://LincolnPotters.com) or over the phone by calling Tatiana at the team's office at 916-209-3444. You can also email her at [tatiana@pottersbaseball.com](mailto:tatiana@pottersbaseball.com).

The Potters are excited to bring back Fan Fest this summer! The free event will take place at The Bean on May 25 and is sure to be a real grand slam with fans once again. Opening night will be May 26 with the opponent to be announced soon.

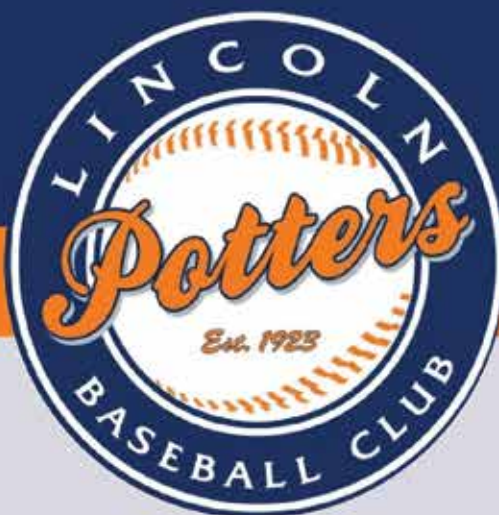

Gates will open one hour before the start of each game with all night games starting at 6:35 p.m. and Sunday Day Games beginning at 1:05 p.m. The fireworks games will begin at 6:05 p.m.

A full promotional schedule will be released in advance of mini plans going on sale at the end of the month. The Potters will once again host the West Coast World Series this upcoming summer. More information will soon be available.

Full Season tickets consist of Stadium Reserved (\$375), Pavilion Reserved (\$325) and General Admission (\$200). All Season Ticket holders will receive 10-percent off of merchandise and invites to exclusive events.

The Ticket Mini Plans for the 2023 season are available online and include the Saturday 6-Pack, Potters 16-pack, and Punch Cards.

# SIERRA COLLEGE IN ROCKLIN PROVIDES A VARIETY OF EXCITING SPORTS TEAMS

If you are looking for some exciting college sports in the Rocklin or Roseville area, look no further than Sierra College where 18 sports teams, 11 women's and seven men's, compete during the athletic season for various championships.

Sierra College placed third in the state in the California Community College Athletic Association National Alliance of Two-Year College Athletic Administrators Cup for National Athletic Excellence for the 2021-22 athletic season.

The women's basketball team won its second state title in program history while the men's swimming and diving team won its second consecutive state championship last season.

The Wolverines have a number of coaches who are dedicated to making the athletic program strong. Women's basketball coach Brandie Murrish and men's basketball coach John Fusano have combined for 36 years of being head coach at Sierra College. Ben Noonan has been the head coach of the football team for 10 years and has led the Wolverines to six bowl games during his tenure, including three wins.

The women's volleyball team has finished Top 8 in NorCal on nine separate occasions since 2009. The baseball team

has made various trips to the Elite 8 and won the state championship in 2008. Softball finished the 2022 season as the runners-up at state and won the state title in 2014. The team hasn't had a single season under .500 since coach Darci Brownell has been with the program. Brownell has an overall record of 852-243-2, which is a 77.8-percent winning percentage.

Men's water polo recently won the Big 8 Conference title back in November and placed third at state. The women's soccer team has made it to the postseason every year since Jason Gantt became coach in 2009 with their best season coming in 2018 when the Wolverines were 22-2-1 and progressed to the NorCal finals.

Another aspect that makes the sports program at Sierra College so impressive is that hundreds of athletes have transferred to four-year universities and some have even played professionally. San Francisco 49ers wide receiver Brandon Aiyuk got his college start in Rocklin at Sierra College where he caught 19 touchdown passes in 2016 and 2017.

Sierra College is located at 5100 Sierra College Blvd, Rocklin.

## JESSUP ATHLETICS FIELDS CHAMPIONS AND ALL-AMERICANS IN MULTIPLE SPORTS

Jessup University in Rocklin provides an exciting experience watching elite athletes compete. The Warriors field 17 varsity programs with seven men's teams and 11 women's teams. Jessup competes in the Golden State Athletic Conference in the NAIA but will be making the move to NCAA Division II in the coming seasons.

The 2021-22 athletic season was one of the most successful in Jessup's history with several programs making unprecedented runs and putting Jessup on the map.

The crowned jewel of Jessup athletics last season was the STUNT team, which won its first national championship in just its second season. The STUNT team might be young but it has already proven that it is here to stay and has beaten programs from across the country. Jessup is off to an undefeated start to the 2023 season with wins over major programs such as Kentucky and Texas Tech.

Jessup softball also had its most successful season last year, winning the GSAC and falling one win short of the NAIA World Series. The Warriors went 39-15 and finished the season ranked 23rd. That ranking was the highest in program history until this year, when the Warriors opened the season at No. 21 in the NAIA coaches preseason poll.

The men's basketball program enjoyed a record-breaking season of its own in 2021-22. The Warriors finished their season with a 30-6 overall record, shattering the previous program-best 24 wins in a season.

The Warriors also hosted the opening round of the NAIA Tournament and advanced to the Elite 8 in Kansas City, marking the best postseason finish in program history. Jessup was ranked as high as No. 4 in the nation and had two players

named to the All-American team in Cash Williams and Myles Corey.

Jessup's track and field team has historically been a strong one, as seven athletes ended their 2022 campaign at the NAIA National Track and Field Championships in Gulf Shores, Alabama. The Warriors have been especially successful in distance running as Bailey Cossentine won two national championships in her time at Jessup.

The Warriors have also had successful seasons in baseball, women's basketball, men's and women's soccer, women's volleyball and cross country. Jessup has also added new programs recently, with men's and women's tennis and cheer joining the Warrior family.

"The success we have experienced here at Jessup, especially when you look at our size, in my opinion sets us apart," said Jessup sports information director Matt Horrocks. "We can oftentimes be the forgotten school here in the Sacramento area, especially when you have three Division I programs within an hour radius but you would be hard-pressed to find a school around here that not only wins but wins at a high level in as many sports as we do."

Horrocks went on to add that in "the last 365 days, we won both our softball and volleyball conference championships, our basketball team was two games away from the national championship and we took home a national title in STUNT. Not to mention the accomplishments of Bailey Cossentine and our track program or the historic turn around by our baseball team if you look back two or three more years."

Jessup games are family-friendly, affordable and entertaining.

Said Horrocks, "Special doesn't even begin to describe Jessup."
