**BREAKING NEWS:** Magnitude 5.6 earthquake rocks the San Andreas fault line.

**Are you prepared?**

A disaster or emergency could happen at any time, so planning is a crucial first step toward a calm and effective response. The Institute has taken steps to gather educational resources and build continuity plans with the divisions, but it is crucial for our community members to know what is expected of us as well.

---

**After completing the appropriate response procedure, please...**

1. Go to your assembly area
2. Report to your Floor Warden or Building Coordinator
3. Wait for further instruction before leaving or returning to your building.

---

**Where is my building's assembly area?**

- Bridge Laboratory (Annex, East and West) • Lawn area north of building, near Millikan Library
- Cahill Center • Athletic field south of Cahill
- Downs/Lauritsen Laboratory • North of building in turnaround above Oak Tree Court
- Isotope Handling Lab • Lawn area north of the Bridge buildings, near Millikan Library
- KECK Center • North of building in the parking lot across the street
- Keith Spalding • Athletic Field south of Cahill
- Kellogg Laboratory • Lawn area north of building, near Millikan pond
- Morrisroe • Tournament Park Parking Lot, directly behind building
- Sloan Laboratory • Lawn area north of building, near Millikan Pond
- Synchrotron • West of building in turnaround above Oak Tree Court
- 40M Laboratory • North-west of building in parking lot

**Who is my Floor Warden/Building Coordinator?**

Please see the next two pages for the latest information...
