Public Storage

Pick up & Delivery

New Public Storage Pickup & Delivery is the answer for anyone who wants to eliminate the time and expense of hauling belongings to a storage warehouse.

This great new service is especially useful for those who don't need to access their goods frequently. Here's how Pickup & DeliverySM makes storage easier and more economical:

1. A Pickup & Delivery truck brings 5' X 7' X 7'10" tall Pak & Store TM Containers right to your home or office, just steps away from items to be stored.	4. After Pak & Store TM Containers are filled and locked, you call Public Storage Pickup & Delivery SM to pick them up. We load them on our truck...
2. At your convenience, fill each container, approx. 270 cu. feet of storage space with your belongings.	5. ... and deliver them to a convenient Public Storage Pickup & Delivery SM warehouse.
3. You then lock the Pak & Store TM Containers with your own locks and keep the keys. Nobody else has access.	6. There we store them. For free access any time during business hours, you just give us two hours' notice.

For more details call 1-800-44-STORE
