### **DETAILED ACTION**

### **Drawings**

1. The drawings filed on June 30, 2003 in paper 8 are acceptable subject to correction of the informalities indicated on the attached "Notice of Draftsperson's Patent Drawing Review," PTO-948. In order to avoid abandonment of this application, correction is required in reply to the Office action. The correction will not be held in abeyance.

### Information Disclosure Statement

2. The information disclosure statement (IDS) submitted on June 10, 2003 and June 2, 2003 was resubmitted after the mailing date of the office action on February 31, 2003 and are copies of the IDS submitted January 14, 2002. The original IDS submitted on January 14, 2002 was missing. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the examiner is considering the information disclosure statement.

### Specification

3. For the record the applicant has incorporated herein by reference US application 09/603,068 and US application 09/658,846 on page 2 of the specification. For reasons of record in paper 4 on March 31, 2003 the benefit under title USC section 120 was not considered.

### Response to Arguments

4. Applicant's arguments, see paper 8, filed 30 June 2003, with respect to the amendments to the specification and the claims concerning the ASPD and the vertically and horizontally positioning of each seismic streamer have been fully considered and are persuasive. The rejection of claims 1-50 under 102 (b) has been withdrawn.

### Allowable Subject Matter

- 5. Claims 1-50 are allowed.
- 6. The following is an examiner's statement of reasons for allowance:

The arguments and the amendments to the specification and the amendments to the claims of record in paper 8 on June 30, 2003 convinces the examiner that the claimed limitations are allowable over the cited art of record.

It is these Arguments of record in paper 8 and the limitations expressed in each of these claims and not found, taught or suggested in the prior art of record that makes these claims allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

(application filed on or after May 29, 2000)

The Patent Term Adjustment to date is 228 day(s). If the issue fee is paid on the date that is three months after the mailing date of this notice and the patent issues on the Tuesday before the date that is 28 weeks (six and a half months) after the mailing date of this notice, the Patent Term Adjustment will be 228 day(s).

If a Continued Prosecution Application (CPA) was filed in the above-identified application, the filing date that determines Patent Term Adjustment is the filing date of the most recent CPA.

Applicant will be able to obtain more detailed information by accessing the Patent Application Information Retrieval (PAIR) system (http://pair.uspto.gov).

### Notice of Fee Increase on October 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after October 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on October 1, 2003. See Revision of Patent Fees for Fiscal Year 2004; Final Rule, 68 Fed. Reg. 41532, 41533, 41534 (July 14, 2003).

The current fee schedule is accessible from (http://www.uspto.gov/main/howtofees.htm).

If the fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due" but not the correct amount in view of the fee increase, a "Notice of Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice of Pay Balance of Issue Fee," if the response to the Notice of Allowance is to be filed on or after October 1, 2003 (or mailed with a certificate of mailing on or after October 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously-paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Effective October 1, 2003, 37 CFR 1.18 is amended by revising paragraphs (a) through (c) to read as set forth below.

Section 1.18 Patent post allowance (including issue) fees.

(a) Issue fee for issuing each original or reissue patent, except a design or plant patent:

By a small entity (Sec. 1.27(a)).........\$665.00 By other than a small entity......\$1,330.00

(b) Issue fee for issuing a design patent:

(c) Issue fee for issuing a plant patent:

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.
