1. The drawings are objected to because of the informalities noted in the attached form PTO-948. A proposed drawing correction or corrected drawings are required in reply to the Office action to avoid abandonment of the application. The objections to the drawings will not be held in abeyance.

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 21-23 are rejected under 35 U.S.C. 102(b) as being anticipated by Perkins, US Pat. No. 5,159,592.

4. As to claims 21-23, Perkins teaches a computer program product, computer data signal embodied in a carrier wave and a method comprising the steps of:

- a. receiving the current network protocol address of a process coupled to the network (col. 2, line 62 – col.3, line 38 and col. 4, line 49 – col. 5, line 49);
- b. receiving an identifier associated with said one process (col. 5, lines 52-65);
- c. receiving a query for one of the network protocol address and the associated identifier of said one process from another of the processes over the computer network (col. 4, line 49 – col. 6, line 57); and
- d. providing one of the network protocol address and the associated identifier of said one process to a said another process over the computer network, if the said one process
