Before FRED E. McKELVEY, *Administrative Patent Judge*.

ORDER  
*Conduct of Proceedings*  
37 C.F.R. § 42.5(a)

A review of the record of the five above-identified IPRs reveals that Petitioner has not properly labeled some of the exhibits filed in these IPRs.

For example, Petitioner on occasion has left off the label the case number of the IPR.

The rules set out how exhibits should be labeled. 37 C.F.R.  
§ 42.63(d)(1). An example of a proper label is:

Volkswagen Ex. 1001  
Volkswagen v. EmeraChem  
IPR2014-01554

or

EmeraChem Ex. 2001  
Volkswagen v. EmeraChem  
IPR2014-01554

Petitioner should review each exhibit it has filed.

If an exhibit is not properly labeled, then on or before 10 March 2014,  
Petitioner should file and serve a corrected exhibit labeled having the same  
exhibit number followed by an A (e.g., Ex. 1001A, and if an already  
submitted A exhibit is not properly labeled then the same exhibit number  
followed by a B, e.g., Ex. 1001B).

In each IPR where corrected exhibits are filed, Petitioner should also  
file a revised exhibit list.
