

PROTECTIVE ORDER MATERIAL

DISCLOSURE SCHEDULE

This letter is delivered pursuant to the Stock Purchase Agreement dated July 28, 2005 (the "Agreement"), by and between Esselte AB, a corporation organized under the laws of the Kingdom of Sweden ("Seller"), and Newell Rubbermaid Inc., a Delaware corporation ("Purchaser"), and constitutes the "Disclosure Schedule" as defined in the Agreement. Unless otherwise noted herein, any capitalized term used in the Disclosure Schedule shall have the same meaning assigned to such term in the Agreement. The following exceptions and disclosures are an integral part of the Agreement.

Disclosure in any section of this Disclosure Schedule of any facts or circumstances shall be deemed to be adequate response and disclosure of such facts and circumstances with respect to all representations and warranties by Seller calling for disclosure of such information, to which such disclosure is reasonably apparent. The headings contained in this Disclosure Schedule or in any Annex hereto are for reference purposes only and shall not affect the meaning or interpretation of this Disclosure Schedule.

This Disclosure Schedule is qualified in its entirety by reference to specific provisions of the Agreement, and is not intended to constitute, and shall not be construed as constituting, representations or warranties of Seller, its Affiliates, the Companies or the Subsidiaries, except and to the extent provided in the Agreement. Notwithstanding any materiality qualifications in any of the representations and warranties of Seller or other provisions of the Agreement or this Disclosure Schedule (including qualifications based on materiality, the presence or absence of a Material Adverse Effect or minimum amounts), for administrative ease, items have been included which are not considered by the Seller to (i) be material to Seller, a Company or a Subsidiary, or Seller, the Companies and the Subsidiaries taken as a whole, (ii) be materially adverse to the business, assets, properties, financial condition or results of operations of the Companies and the Subsidiaries, (iii) result in material impairment on the ability of Purchaser or its subsidiaries to operate the Business immediately after Closing, or (iv) constitute matters required by the Agreement to be reflected in this Disclosure Schedule. The inclusion of any item herein shall not be deemed to be an admission by Seller, the Companies or the Subsidiaries that such item is material to Seller, the Companies or the Subsidiaries and is not an admission of any obligation or liability to any third party. No disclosure in this Disclosure Schedule relating to any possible breach or violation of any agreement, Permit, Law or regulation shall be construed as an admission or indication that any such breach or violation exists or has actually occurred.

Where the terms of a Commitment or other disclosure item have been referenced, summarized or described in this Disclosure Schedule, such reference, summary or description does not purport to be a complete statement of the material terms of such Commitment or other disclosure item and such disclosures are qualified in their entirety by the specific terms of such agreements or documents.
