DECLARATION OF JOHN SHERMAN

I, John Sherman, declare as follows:

1. I have been asked by Patent Owner AT&T Intellectual Property I, L.P., to provide this Declaration regarding U.S. Patent No. 7,907,714.

**I. Background and Affidavit**

2. My name is John Sherman. I am currently IP Legal Group Operations Manager for AT&T Services, Inc. I make this declaration from my personal knowledge, and if called to testify to the contents of it, could and would do so competently.

3. I am a salaried AT&T Services employee. My compensation does not depend in any way on the outcome of this proceeding. I have not been offered any payment, incentive, or inducement to provide this declaration.

4. My responsibilities at AT&T Services include overseeing the maintenance and storage of paper and electronic copies of patent-related documents, including patent records and invention disclosure documents within those patent records created and maintained in the course of the business.

5. Exhibit 2044 is a copy of a document retrieved from AT&T Services' paper files for patent docket number T00135. The paper files for patent docket number T00135 have been kept in the ordinary course of AT&T Services' business as a patent record for a patent owned by an AT&T entity, here AT&T Intellectual

Property I, L.P. Maintenance of paper files for patent records is a regular practice of AT&T Services' business.

6. The file containing the document now marked as Exhibit 2044 was located using the associated patent docket number, as indicated above, in AT&T Services' paper files for patent records, as I would expect for a document from this era (circa 1996) related to a patent owned by an AT&T entity.

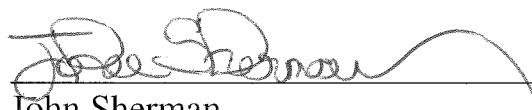

7. The document now marked as Exhibit 2044 bears the Southwestern Bell Telephone Company markings, including headers, logos and restricted - proprietary information notices, that I would expect from a document from this era. I do not believe the document exhibits any signs of modification or alteration from when it would have been placed in its respective paper file.

### **III. Conclusion**

8. In signing this declaration, I recognize that the declaration will be filed as evidence in a contested case before the Patent Trial and Appeal Board of the United States Patent and Trademark Office. I also recognize that I may be subject to cross examination in the case and that cross examination will take place within the United States. If cross examination is required of me, I will appear for cross examination within the United States during the time allotted for cross examination.

9. I declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code.

Executed on this 6 day of April, 2016.
