*This product is not manufactured or distributed by Bayer HealthCare LLC, distributor of Aleve® Tablets.

Other information: Each tablet contains:
sodium 271 mg ■ store at 20-25°C (68-77°F). Avoid high humidity and excessive heat above 40°C (104°F).

Children under 12 years: ■ ask a doctor
■ do not exceed 3 tablets in a 24-hour period
■ for the first dose you may take 2 tablets within the first hour
■ take 1 tablet every 8 to 12 hours with symptoms last

Adults and children 12 years and older:
■ drink a full glass of water with each dose
■ the smallest effective dose should be used

Directions: ■ do not take more than directed (1-800-222-2222)

Medical help or contact a Poison Control Center right away.
Keep out of reach of children. In case of overdose, get problems in the unborn child or complications during delivery. If pregnant or breast-feeding, ask a health professional before use. It is especially important not to use naproxen sodium during the last 3 months of pregnancy because it may cause sodium during the last 3 months of pregnancy because it may cause problems in the unborn child or complications during delivery.

Stop use and ask a doctor if: ■ you experience any of the following signs of stomach bleeding: ■ feel faint ■ vomit blood ■ have bloody or black stools ■ have stomach pain that does not get better ■ pain gets worse or lasts more than 10 days ■ fever gets worse or lasts more than 3 days ■ you have difficulty swallowing ■ it feels like the pill is stuck in your throat ■ redness or swelling is present in the mouth area ■ any new symptoms appear

When using this product: ■ take with food or milk if stomach upset occurs ■ the risk of heart attack or stroke may increase if you use more than directed or for longer than directed

Ask a doctor or pharmacist before use if you are: ■ under a doctor's care for any serious condition ■ taking any other drug
