Counsel,

We are designed as counsel for the patent owner in this case. However, we just noticed today that PRPS has us incorrectly listed in the system as counsel for the petitioner (rather than patent owner). As such, it appears we are not able to file documents through PRPS on behalf of the patent owner. PRPS might allow us to file on behalf of the petitioner, but we suspect you would prefer we do not file any documents in this manner. Also, we called the Board today on this issue and left a message, but have not yet heard back.

Because PRPS is currently unavailable to the patent owner as noted above, we plan on filing our Patent Owner Preliminary Response, due today, via email to [trials@uspto.gov](mailto:trials@uspto.gov). We will copy you on any email filing. Pursuant to the PTAB's guidance for filing via email, we will also include a motion identifying the circumstances surrounding the unavailability of PRPS and identifying today's date as the date of filing.

If you have any questions or comments, or would like to discuss this matter, please feel free to contact me.

Best regards,

**Michael T Rosato**
