Before PATRICK R. SCANLON, BART A. GERSTENBLITH, and  
SHEILA F. McSHANE, *Administrative Patent Judges*.

PER CURIAM.

ORDER  
Conduct of the Proceeding  
*37 C.F.R. § 42.5*

---

<sup>1</sup> This Order addresses similar issues in each of the referenced cases, therefore, we issue a single Order to be filed in each case. The parties are not authorized to use this style of caption in any other filings.

IPR2016-00740 (Patent 6,542,078 B2)  
IPR2016-00741 (Patent 7,113,091 B2)  
IPR2016-00742 (Patent 6,828,909 B2)

On May 27 and May 31, 2016, Patent Owner sent electronic mail messages requesting a conference call to discuss its request for a two-week extension of time to the deadlines for filing Preliminary Responses in the referenced cases, as well as to discuss a motion to terminate. On June 2, 2016, a conference call was convened to discuss the issues.

Patent Owner requested that, in light of the advanced state of settlement discussions, it sought a two-week extension to the filing deadlines set under 37 C.F.R. § 42.107(b) for Preliminary Responses in Case IPR2016-00740, Case IPR2016-00741, and Case IPR2016-00742. Petitioners had no objections to the request.

Pursuant to 37 C.F.R. § 42.5(c)(2), in light of the circumstances, including the limited amount of time for which the extension for the filings of Preliminary Responses is sought, and with no objections from Petitioners, Patent Owner's request is granted, for good cause shown.

Additionally, based upon representations made during the call, it is premature to authorize any filing of motions to terminate and requests to file settlement agreements as business confidential information. However, we note that the parties may seek authorization to file these motions and requests in the future by submitting a request to do so via electronic mail.

Accordingly, it is:

ORDERED that the request to extend the deadlines for filing Preliminary Responses in Case IPR2016-00740, Case IPR2016-00741, and Case IPR2016-00742 is *granted*, and it is,

IPR2016-00741 (Patent 7,113,091 B2)  
IPR2016-00742 (Patent 6,828,909 B2)

FURTHER ORDERED that the Preliminary Response deadlines be  
reset to the dates below:

Case IPR2016-00740 – June 28, 2016

Case IPR2016-00741 – June 28, 2016
