OSI Model

The OSI Model - CompTIA Network+ N10-005 - 1.1

<https://www.youtube.com/watch?v=ISK1d8fZyEw>

model is a product of the

https://networksmania.files.wordpress.com/2012/03/osi_model.jpg

OSI layer

<https://itsjustusdeveloperstutorialservices.files.wordpress.com/2015/09/osi-layer.png>

1. List the layers of the OSI model starting at the application layer
2. which layer of the OSI model is mainly concerned with network cables and connectors?
3. Which standard organization is responsible for the 802 standards?
