

Declaration from Lehigh University Libraries, Bethlehem, Pennsylvania

RE: M. Leskela and M. Ritala, ALD Precursor Chemistry: Evolution and Future Challenges, Journal de Physique IV, Proceedings of the Twelfth European Conference on Chemical Vapour Deposition, Volume 2, Sept. 1999, 09, pp. Pr8-837-Pr8-852

I, Sharon Wiles-Young, declare:

1. I am Director of Library Access Services in Library and Technology Services at Lehigh University Libraries. I manage and have knowledge of the acquisitions, receiving, and cataloging process in the Lehigh University Libraries.
2. The Lehigh University Libraries catalog is available to the general public and searchable by subject, author, and keyword. Though the interface has changed, the catalog has generally been searchable by subject, author, and keyword through its history.
3. The Lehigh University Libraries holds a copy of the Journal de Physique IV, Proceedings of the Twelfth European Conference on Chemical Vapour Deposition, Volume 2, Sept. 1999, 09, published by EDP Sciences. That publication includes the article ALD Precursor Chemistry: Evolution and Future Challenges by M. Leskela and M. Ritala.
4. When a publication volume was received by the Lehigh University Libraries, it would have been common practice to stamp the received date on one of the pages of the received materials during the check-in and cataloging process. The stamp on the back cover of the Proceedings of the Tenth European Conference on Chemical Vapour Deposition, Volume 2 indicates that the Library received the publication on April 3, 2000. Based on the indicated received date, this journal would have been made available to the public within 1 or 2 weeks of receipt.

I declare under the penalty of perjury that I understand that willful false statements and the like are punishable by fine or imprisonment, or both under Section 1001 of Title 18 of the United States Code and may jeopardize the validity of the application or any patent issuing thereon. I declare that all statements made of my knowledge are true, and that all statements made on information and belief are believed to be true.

Executed on December 21, 2016 at Lehigh University, Linderman Library, 30 Library Drive, Bethlehem, PA 18015
